## NEW LOW-COST CABINET SOURCE HELPS MICHIGAN HOMEOWNERS REMODEL ON A BUDGET

Wixom, MI – In response to consumer demand for a quality, low-cost cabinet, EW Kitchens announced today the introduction of their newest cabinetry line “Contractor’s Choice” by MasterBrand. This economical new line is available through EW Kitchen’s new “Michigan Discount Cabinets” division.

Contractor’s Choice is a great option for do-it-yourself homeowners looking to remodel on a budget. “Cabinets for a basic 10’x10’ kitchen can be purchased for under \$1,000,” explains Jim Eathorne, owner of EW Kitchens, making them an extraordinary value and a smart alternative to big box home center stores.

“These good-looking, long-lasting cabinets combine quality craftsmanship, appealing design, and most importantly, affordability,” Eathorne continues. “We’re excited to add these new cabinets to our existing line of mid-priced and luxury brands.”

Contractor’s Choice cabinets, made in the U.S.A., come fully assembled for quick and easy installation. “Most orders arrive in less than 2 weeks,” Eathorne adds. Contractors and remodeling professionals will also appreciate the rapid delivery.

Homeowners are sure to find a style to suit their tastes. Contractor’s Choice cabinets are available in seven door styles, with your choice of birch or oak in a range of finishes, along with popular white thermofoil. Photos of door styles, finishes and complete kitchens may be viewed at [www.michigandiscountcabinets.com](http://www.michigandiscountcabinets.com). See them in person at EW Kitchen’s Extraordinary Works showroom located at 29750 Anthony Drive in Wixom. Hours and map can be found on the website.

Builders, interior designers and homeowners throughout Michigan have trusted EW Kitchens for more than 60 years. EW Kitchen’s Extraordinary Works division offers an expanded line of cabinets and manufacturers along with award-winning design services. ([EWKitchens.com](http://EWKitchens.com))
